

## PROFESSIONAL CRAFTSMAN CODE OF CONDUCT (PCCC)

On Saturday, February 28, 2009 Local 99 put on the Quality Control Craftsman (QCC) training class.

The Local would like to thank **you** the members, that took the time out to attend this mandatory class.

Your dedication to **your** Union, is what will make the Professional Craftsman Code of Conduct (PCCC)/ Quality Control Craftsman (QCC) a successful program.

The role of the Quality Control Craftsman (QCC) is to be actively promoting the goals of the code. He/she will remedy any bad work habits of members and note absenteeism, tardiness/early quits and extended breaks.

### FIRST PCCC DESIGNATED SITE

March 2, 2009, Local 99 has designated its first PCCC site to Antex Western working at the Bituminex Asphalt Plant off Marion St. in Winnipeg.
